NEW LAWS ON TAXATION Passed by General Assembly this Year and Become Ef- fective this Fall—Important Changes as well as New Requirements.

Tax Commissioner William H. Corbin has sent the following circular let-
ter to the assessors of the various
towns of the state, explaining the new
law as to choosing assessors:

To the First Selectman of:

Dear Sir: Enclosed herewith find
copy of Chapter 173 of the Public
Acts of 1909, an act concerning the
election of assessors. You will note
that this act changes the manner of
choosing assessors for each town, except those mentioned
in the act, who will eventually hold
office for the term of three years, and
those towns holding annual elections;
and for the term of four years in the
towns holding biennial elections.

The procedure in electing assessors
will be for each party to nominate
one assessor for the term of two
years, one for the term of two
years, and one for the term of two
years. The candidate nominated for
the term of one year having the largest
number of votes, the candidate nomi-
nated for the term of two years hav-
ing the largest number of votes, and
the candidate nominated for the term
of three years having the largest num-
ber of votes at the annual meeting will
constitute the board of assessors for the
coming year. At the next succeeding
annual election each party will nomi-
nate one assessor for the term of three
years, and the candidate receiving the
largest number of votes will be elected.
The procedure at every succeeding an-
nual election thereafter will be the
same under the present statute.

In towns where the officials are
elected biennially, at the next election
each party will nominate one assessor
for the term of two years, and two
assessors for the term of four years,
and the two candidates receiving the
largest number of votes will consti-
tute the board of assessors. At the next
succeeding biennial election each party
will nominate one assessor for the term
of four years, and the candidate re-
ceiving the largest number of votes will
be elected. At the next succeeding
biennial election each party will nomi-
nate one assessor for the term of four
years, and the candidate receiving the
largest number of votes will be elected.
The procedure at every succeeding an-
nual election thereafter will be the
same under the present statute.

ceased person. On all property passing to
collateral kindred, or to a corporation, vol-

portion to the other, the amount will
